

Revenge: Erotic vampire romance novel (The Forever Series Book 14)

Please note that the spin-off novella, *The Other Liv*, should be read before reading this book. The fourteenth book in the Forever Series sees Aefre living under Sebastian's spell and the lengths that her men will go to in order to bring her back. But eventually, all the pulling on her mind, causes her to zone out leaving her vulnerable and alone. Meanwhile, the plotting never ceases and Remiel manages to link himself even further to his new charge, at a great cost, dragging Xane even further away from his Demon wife, and ensuring that the players in this ongoing game change. However, once Aefre is returned to her right mind, by unexpected means, and she learns about all that has transpired, she is intent on seeking revenge, only to find out that everything she has come to learn about herself in the last two years has been stripped away in two shocking swoops of Fate that surprise her but leave her breathless and free. After reconnecting with Devon on a level that thrills her, she is more determined than ever to put it all behind her and get on with her life the way she wants to live it, even with Constantine's baffling and somewhat worrying new attitude, but the men around her still have revenge on their minds which results in one of the biggest shocks yet to hit the Forever World!
