

Alabaster: Wolves

Dancy Flammarion may look like a frail teenage girl, but her journey through the swamps and byways of the American South brings her into battle with werewolves, monsters, and grotesque secrets, armed only with a knife and a mission to destroy the deadly creatures that lurk in shadow. Collects the five-issue miniseries. Its gentle and horrific and apocalyptic all at once. Good writing. Good pencil and ink work. Good colors. Thats a good comic. -Comics Alliance
