

L'Art roman (Art of Century) (French Edition)

Terme entre dans l'usage courant au cours de la première moitié du XIXe siècle, l'art roman distingue, en histoire de l'art, la période qui s'étend entre le début du XIe siècle jusqu'à la fin du XIIe siècle. Révélant une grande diversité de écoles régionales, chacune démontrant ses spécificités, l'art roman, dans l'architecture comme dans la sculpture, est marqué par ses formes brutes. Par sa riche iconographie, au fil du texte captivant, cet ouvrage nous propose de redécouvrir cet art médiéval, encore souvent trop peu considéré face à l'art gothique qui lui succéda.
