

## Step: Beyond Passion (First Time Steamy Step Taboo Romance)

I know its wrong, but I cant stop thinking about him. Im falling in love, but its more than that. This is something else. What I feel for Jack is beyond passion. When Lucy finds herself at home alone with her moms new boyfriend, Jack, the last thing she expects him to do is invite himself into her room, sit down on the bed, and appear to test it for suitability. She definitely doesnt expect him to pat the soft duvet and invite her to sit down next to him, nor does she expect herself to comply. When he moves his hand up to her mouth, there is no way in the world she would have seen herself sucking his thumb, and when he moves her hand across to his thigh, she would never have imagined daring herself to succumb to the irresistible desire she has burning inside, to let him take her completely, no matter what the consequences. For Lucy, tonight is going to be an evening of first times and forbidden surprises. Step: Beyond Passion is a stand alone romance novella with adult themes and strong sexual content.
