

Horrorcore Anthology 2 (Extreme Horror Erotica)

Get three stories of horror erotica in one collection! **WARNING:** This 17,000+ word collection contains graphic language explicit descriptions of sex between women and creatures from your deepest nightmares. Group pleasure, orgasm denial, demon, ghost and monster sex fill these pages. Intended for **MATURE AUDIENCES 18+ only!** **Witch Lust** Katherine has been a witch for 300 years and the way she stays young is through stealing the life force of her lovers during sex. Travel through her erotic history and meet her lovers, mortal and immortal, and taste the intense pleasure that comes with magic-fueled sex. **EXCERPT:** Its a handy trick when youre a witch. Theyre called glamours, and a well placed glance and whoever that gaze is directed at is ready to spread themselves open for you inside a minute. You see, thats how we casters stay young for centuries. Sex with a mortal draws their life essence into us, and with every encounter we steal ten years. Some witches are cruel with this. They like the chase and the fear. They like their victims crying and begging for their lives, so they take their conquests by force. My maker had the same philosophy I do. Were taking years from their lives so its only fair that we give them something back, the most pleasurable experience of their lives seems to be a fair enough trade. **Taken in the Asylum** Hargrove Asylum has been shut up for thirty years until four college students decide its the dream location for a keg party. When they arrive early to set up they decide to split up. The creatures they meet are ready to show them how blurred the line between pleasure and pain has become in their dark world. **EXCERPT:** The huge, stately brick building had once housed all manner of the insane, from the inconvenient to their families but relatively harmless to the murderous and psychotic. Like with any such facility, rumors and legends filled the town. The head of the

hospital had been a humorless man named Dr. Edward Grier, and, at least according to town lore, he had used the patients to perform all sorts of horrific experiments. Whatever he did or didn't do, he was never caught and remained the chief doctor on staff until the hospital was closed in the 70s. Officially the reason behind the asylum closing was budget cuts but the real reason had gotten out, passed around through orderlies that had hauled ass out of the building when everything hit the fan. Obviously, this would be an excellent location for a keg party. Bound By Evil Natalie is bored with her normal life until one day she meets a mysterious stranger who promises her a taste something different and forbidden if she signs her name in his book. She signs and wakes up trapped in a nightmare of horrifying erotic trials that will tear her down and rebuild her into a woman who lusts for something less than human. EXCERPT: The TV flickered to life and we both jumped as loud static filled the room. The image of a man filled the TV screen, his face obscured by a black mask. Natalie and Rob, he spoke, his voice sounding distorted and robotic. You have been selected for something very special. You spoke about being bored with your lives. That's about to change. You two are about to be famous. Look around and you'll notice the cameras at every corner of the room. I glanced around and saw the blinking red lights of the security cameras all focused directly on us. What had I gotten us into? ***All characters are over 18 and fictional***
