

Picture Me (The Model Book 1)

The picture of herself Melissa found on her desk one morning was so real she thought, at first, it was. But no, it was a drawing, a very, very good drawing of herself, without many clothes, all tied up, and engaged in lewd sexual acts! She was horrified, at first, but too embarrassed to show anyone. But as the days went by, and more pictures arrived, she found herself becoming obsessed and enthralled with the dark sexual images they showed, not to mention the impossibly gorgeous male body she was shown doing them with! He couldn't be real! So when instructions arrived to go to an office and prepare herself she did and found that he was exactly as hot, as gorgeous, and as sternly dominating as the pictures had shown!
