

## THE ACADEMY: AGEPLAY PUNISHMENTS

When James Harlow applies for a job as a Master at St Claires Academy for Girls, he can guess at the role he will be asked to fill. The academy may be a strict English school for foreign students during the week, but at weekends it hosts a whole new curriculum, purely for women who seek to regain their youth and become schoolgirls once more; naughty schoolgirls who need Sir to punish them, embarrass them, master them - and perhaps rub away their soreness afterwards. This story of 17,000 words has eight chapters, each narrating some aspect of spanking, caning of various women playing at being schoolgirls. All characters are consenting adults over the age of 18. Please do not read if any of this offends you.
