

Shifter Made (Shifters Unbound)

Alanna, sister to a Fae prince, is sent on a thankless mission--to return to medieval Ireland and coerce a Shifter to craft an incredible sword. Niall OConnell, master sword maker of the old Kingdom of Ciarrai, hates Fae, resenting the time when Shifters were little better than Fae slaves. But Alanna's heartbreaking story and her beauty are difficult to resist. Together, she and Niall forge a sword that changes Shifter history, at the same time forging an unbreakable bond between themselves. This 10,000-word novella is prequel to the Shifters Unbound series, a standalone story that tells how the Sword of the Guardian came to be. It also appears in print bundled with *Hard Mated* (Shifters Unbound).
