

Stealing Magic (Primes series)

Once they lived and loved in darkness. Stealing Magic is the first historical romance set in NYT Bestselling Author Susan Sizemore's popular Vampire Primes universe. No one at McHeath Manors house party is who they seem. The infamous rake is a vampire working for the British government. The housemaid is a witch. The valet is a spymaster. The courtesan is a vampire hunter. Amidst all this deception, witch Grace McCoy is determined to become pregnant with vampire Julien Weavers child. Grace is prepared to do her duty, but hardly expects the intense desire she feels making love to a vampire. Julien expects tumbling an innocent servant girl to be a pleasant diversion from the jaded aristocrats he's used to. What Julien and Grace find together is passion enough to fill a lifetime.

But a love to last a lifetime may not be possible when the witches want the child and the vampire hunters are determined to take Julien's life.
