

Forever Yours, Sir (Doms of Decadence Book 2)

Blaming herself for her best friend's death, Cady shuts herself off from the rest of the world, determined not to let anyone close again, determined not to care. But then circumstances throw her into the path of Hunter Black, a man who wasn't used to hearing no. A Dom who sets her heart racing, has her craving his dominance, his touch, his love. From the moment he meets Cady, Hunter can't get her out of his mind. He offers her a job to get her off the streets and under his protection. He wants to dominate her, protect her, love her. Now they just need to overcome their pasts and figure out that happily ever after really does exist. *Even though this part of a series it can be read on its own Doms of Decadence series 1.
