

Small Gods: A Discworld Graphic Novel (Discworld Graphic Novels)

Just because you cant explain it, doesnt mean its a miracle. In the beginning was the Word. And the Word was: Hey, you! This is the Discworld, after all, and religion is a controversial business. Everyone has their own opinion, and indeed their own gods, of every shape and size, and all elbowing for space at the top. In such a competitive environment, its certainly not helpful to be reduced to appearing in the form of a tortoise, a manifestation far below god-like status in anyones book. In such instances, you need an acolyte, and fast: for the Great God Om, Brutha the novice is the Chosen One or at least the only One available. He wants peace and justice and brotherly love. He also wants the Inquisition to stop torturing him now, please... Now adapted into graphic novel form with new artwork by Ray Friesen.
