

Mounted by a Monster: Poking the Werebear

Abigail is on assignment deep in the Alaskan wilderness, taking photographs of polar bears. When she stumbles upon a strange man surrounded by the massive bears, she fears for his life and tries to save him. She soon learns that the sexy man isn't in any danger at all. In fact, it's Abigail who is in danger of freezing and only the stranger's unique abilities can save her. The one thing he can't do, however, is let the nuisance photographer expose his secret life. This paranormal erotic short story is about 4,300 words.
