

## The Princess and the Huntsman an erotic fairy tale

The Princess and the Huntsman is an erotic romance, a fairy tale of true love and destiny. Crown Princess Naysa, the only heir to the Sentauran throne, by tradition must marry a king on her twenty-fourth birthday to become queen. It is forbidden to kill her before that day, but afterward without a king at her side, her kingdom is ripe for conquest and herself destined for assassination. As this fated day approaches, the princess discovers her true love is a huntsman. Will she risk losing her kingdom and her very life to be with him? This story has explicit sexual content.
