

Snowdrift and Other Stories

Affairs of honour between bucks and blades, rakes and rascals; affairs of the heart between heirs and orphans, beauties and bachelors; romance, intrigue, escapades and duels at dawn. All the gallantry, villainy and elegance of the age that Georgette Heyer has so triumphantly made her own are exquisitely revived in these wonderfully romantic stories of the Regency period. This collection also includes three newly discovered stories not seen since 1939, published in this collection for the very first time. A treat for all fans of Georgette Heyer, and for those who love brilliant short stories evocatively told.
