

Solaris 10: System Administration (Exam CX-310-200 & CX-310-202)

A new edition of this title is available, ISBN-10: 0789737906 ISBN-13: 9780789737908 The Solaris 10 System Administrator Certification Exam Prep 2 is the ideal book for both new and seasoned system administrators. This book will give you the insight you need into the newest certification exams for system administrators, the 310-200 and the 310-202. It offers classroom-style training by one of the best and well-known authors in the Solaris world, Bill Calkins. It will equip you with vital knowledge for success on exam day plus it acts a reference guide that will come in handy after the test. The content addresses all the new exam objectives in detail and will show you how to apply this knowledge to real-world scenarios. The included CD features ExamGears innovative test engine, which will be an effective tool for preparing for the Solaris 10 exam. It provides you with five different ways to test yourself, random questions and order of answers, detailed explanations of correct and incorrect answers, and it pays special attention to exam objectives. Also included on the CD is a PDF of the complete text of the book.
