# Soundtrack Pro 2 Power!

SoundTrack Pro 2 is used in professional and independent post production suites and studios all over the world, and its popularity will only grow now that the application is included within Apple Final Cut Studio. Soundtrack Pro 2 Power!: The Comprehensive Guide provides an easy to understand, detailed guide on how to get the most out of this powerful audio-post production program. It fully explores the application in a light-hearted, non-intimidating style, and through the use of screenshots, tutorials, creative jumping-off points, and real world examples teaches the reader how to use Soundtrack Pro 2 to score their own movies, record and publish podcasts, edit audio, and design sound. Everything is covered, from project set up and working with the new editing and dialogue tools, to mixing and mastering the final project.
