

Star Mates (Siren Publishing Classic)

[Siren Classic: Erotic Sci-Fi Romance, HEA] Emmarie Tice is a small-town singer. While driving home one evening, she is abducted by a UFO. She awakens from her cryo sleep when the ship crashes upon an asteroid and is rescued by the handsome Captain Pell Raiden. She soon learns humans are nothing more than slaves in the new world she finds herself in. Pell is part of a waning resistance movement, and hes angry because the appearance of an Earthling proves that the technology to bring humans to the Amarante System, the one his parents died trying to destroy, is still operational. But despite his anger, he is drawn to Emmarie, and the two find a love that transcends space. But a traitor is in their midst, one who acts on selfish desires, and puts Emmarie in great danger. As she struggles to find a footing in this new world, she has to hold onto the one thing that refuses to die her love for a rebel captain who left her to finish what his parents started. ** A Siren Erotic Romance
