

Sticky Situations: The Complete Box Set

This is a collection of adult age play stories about the love between an age play couple and the dynamic they share. What would you do if you found yourself in a Sticky Situation? One where you were headed for danger or towards the danger of discovery with no way of getting out of it. The danger of discovery is thrilling, especially when out-n-about. Fast heart beats, heavy breathing, dizziness and sometimes a meltdown will leave these BabyGirls helpless to take care of themselves. Thankfully, they have Daddies who fill that need. The Sticky Situations Series is a collection of stories where the danger of discovery is not only felt, but actually realized. This is adult material and therefore is not intended for minors.
