

Stolen Kiss - Complete Series

Here, presented in one volume, are the four stories that comprise the Stolen Kiss Series, a seriously hot and provocative romance by Lucia Jordan, written in her signature style of high passion with searing depictions of sex and emotion. Shelley Longfield has secretly lusted after her boss, the sexy billionaire Hunter Bankston, for years. As his personal assistant, she's seen the type of girls he usually dates: willowy, high class, well dressed blonde women and feels her curvy body and inexpensive wardrobe just simply isn't up to snuff. She runs his office with a ferocity that keeps her colleagues on their toes - a quality that leads Hunter to see potential for something more in his assistant. One evening, Hunter demands Shelley drop off some files to him that he requires, but to her surprise she discovers there is much more going on than simply work: a workshop is being offered on BDSM. Shelley is shocked, though obviously aroused by the sight. But when Hunter offers to give her a lesson in BDSM, what will Shelley do? Will she seize the opportunity to realize all of the fantasies she's built in her mind? And what will happen after their after hours run in? This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
