Zombies are disappearing lately and that's got Punchy worried. You see Punchy is a bit of a curious Zombie that's on the trail of something hot. It's not just the Zombies going missing that's got him worried, there's Monsters Mobs all over the Minecraft world that are slowly starting to disappear. What's a Zombie to do? Punchy teams up with Bone the Spider Jockey, and Spinstress the Spider to solve this mystery and put an end to the strange happening. When the sun fails to rise one day, they know things are only going to get worse. There's so many unanswered questions though. Where are the mysterious slime blobs coming from? Why are they being followed by a Creeper? Who is the evil mastermind behind all of this? Can you ever really trust an Enderman? These questions and more will be answered in this action-packed journey through the world of Minecraft. With characters based on some of the creatures in one of today's most popular games (Minecraft), you'll join Punchy and his team on the road to becoming the Minecraft Super Mob Squad! Comments From Other Readers I am 10 years old and I downloaded this book on my kindle. It was amazing! Right away I was hooked. I could not put my kindle down! This book is literally the best book I have ever read in my entire life. Even if you did not know what Minecraft is, it's still a really awesome book and has lots of good stuff in it. Punchy is the best! Totally the best book ever! Joey (Georgia, USA)

Anything that gets my kids to read is a good thing. I have twin 11 year olds that would rather watch the movie than read the book. I got this for them because I figured

they could relate to the characters seeing, as they love to play Minecraft. It was well worth the money! The biggest problem that I had with this book is that they cant wait to find out of Punchy and his friends have another adventure. They love superheroes and this was right in line with them. Think a kid friendly Avengers based in Minecraft. I love it! Ill admit, I read it too. I found it entertaining. Id highly recommend it!
