

Swallow The Happy Pill: Secrets to True Happiness

I just want to be happy, a simple goal expressed as though it were the very least we could expect of life. Some phrase it differently, and some attach requirement or specifics to the statement by pre-deciding how happiness must be packaged. Nonetheless it sounds so reasonable an expectation and yet for some reason so many people spend an entire lifetime unable to reach or even discover the first step on the path to this universal desire. Many believe that this illusive state would be possible if they could only win the lottery, inherit great wealth or even perhaps meet the man or woman of their dreams. Essential we all make the same mistake, the assumption that happiness is out there somewhere for us to stumble upon. Happiness is incorrectly seen as a destination that once reached dissolves the suffering and worry of life into the ether forever more. Happiness is indeed a simple request but most assume it is hidden and only the very few are fortunate enough to discover the treasure map that leads to its secret location. Swallow The Happy Pill will show you that you not already own the map but you are currently standing right on top of the big red X that marks the spot of that buried treasure you crave so much. Discover: How to manifest your dreams The secrets to perfect self-esteem and confidence Stop anxiety and depression before it starts The quite route to freedom and peace of mind How to get every prayer answered every time The amazing secrets revealed in Swallow The Happy Pill will change how you think about everything; it will shatter your beliefs and dramatically transform your life. This may be one of the most significant books you ever buy.
