

# Single Mother Sentiments - Real Life Reflections from Divorced Widowed and Never Married Mothers

Come listen in as this group of friends gather around the kitchen table to chat about their lives and share their family snapshots. Poignant and funny, personal and so touching, these stories of struggle, survival and success remind us of the enormity of the common ground we share as parents. Single Mother Sentiments connects human to human through the heart and links us all through our love for our children. -- Amanda Youngblood, former editor of Ft. Worth Child Magazine. This collection of single mom stories is straight from the heart—these mothers don't mince words! But getting to know them is a comfort. Sometimes the best help is knowing that you are not alone. --Catherine Cartwright, Senior Editor of Working Mother Magazine. Single Mother Sentiments is a down-to-earth collection of stories that speak about real life -- unlike many books that approach the subject from a theoretical perspective. It is sure to speak to the hearts of millions of single moms. --Diane Chambers, Author of Solo Parenting: Raising Strong and Happy Families
