

## Tangled Dreams Volume II: Tangled coloring pages to take with you.

Tangled Dreams Volume II is a smaller travel size version of the original. It contains all of the original hand drawn pictures, plus a few new ones (27 total).

Tangled Dreams is coloring book for all ages. Inside, you'll find hand drawn illustrations that are fun, whimsical, and floral. Some drawings have a lot of detailed patterns, while others are less complex. These Zentangle inspired pieces can be colored with pens, colored pencils, markers, crayons, or any other medium your heart desires. In the back you'll find some blank pages which can be removed to place behind your pages while using markers or pens to protect the page behind.

I have found these blank pages especially handy for testing color or using as a blotter page. Each image is printed single-sided and is approximately 5 x 7 which is perfect for cutting out and framing. Coloring is a wonderful way to relieve the stress of the day. So, sit back, relax, grab your favorite coloring mediums and have some fun. You may even find yourself in the same relaxing state of mind that I did while creating these pieces. I hope you enjoy coloring these designs as much as I enjoyed creating them. Most importantly... HAVE FUN!!
