This bundle contains the chapters 4, 5, and 6 of Tentacle Creatures on Earth at a discounted rate. This series is a direct sequel to Invasion of the Tentacle Creatures from Space. Alexandra and a handful of rebels are determined to reclaim Earth from the clutches of the Tentacle Queen. With Maeixna, a beautiful alien woman, supplying them with defense and technology beyond their wildest dreams, the rebels believe that victory is within reach. Once their mission is under way, they realize that victory may be harder to achieve than previously calculated. What exotic dangers await the crew once they land on the tentacle-infested Earth? Why is this alluring alien woman so eager to help mankind? Will Alexandra be able to carry out her mission, or is the lustful attention from another rebel too much of a distraction?
