

The Cavemans Reluctant Bride (Historical Erotica)

Thorg isn't the biggest caveman, and he isn't the strongest caveman, but he's the kindest and most handsome and he's utterly stolen Chira's heart. When the tribal elders decide to fracture the village and send Thorg away, Chira hopes to run away to join him, but instead she finds herself wed to another caveman. Helpless and used only for her nubile young body, Chira lives for the hope that Thorg will return and rescue her. This 7500 word novelette is intended only for adults. It contains rough and reluctant breeding with a variety of hulking cavemen.
