

## A Year and a Day (The Camaraes Book 3)

Forced to face his mortality after he suffers a life-threatening injury, Ewan Cameron decides that he needs a son. There is just one problem- he needs a wife first. Ewan has never wanted to marry. Hes not the sort of man to be tied down to one woman for the rest of his life. Luckily for him, the old Clan Cameron traditions offer the perfect solution: a handfasting. Ewan can have a year of marriage- long enough to sire his son- and then he and his wife can go their seperate ways. Cait Everleigh is the perfect temporary bride. She is only a servant, but Ewan has known her almost his entire life. He knows everything about her- from her lowly English origins to her bookish hopes and dreams. Theres only one thing that Ewan has missed- Cait has been in love with him for years! A half-English castle maid knows better than to dream of a life with the man next in line to be Clan Camerons Laird. At least she thinks that she does, until she gets a taste. Can this dream become their reality? NOTE: This book contains explicit scenes and is not suitable for readers under age 18.
