Her last thought before his lips crushed hers was how animal-like he looked, much like the panther shed imagined him to be without knowing how much that animal figured in his life and hers. His lips possessed hers, cruel and unrelenting in a punishing kiss. He bit her

lips to force her to open them, ramming his tongue in her mouth, spearing hers and taking her breath away. She whimpered beneath him, tried to resist but she couldn't move. He grabbed her hands, brought them behind her back and pressed her with his weight to immobilize her further. His mouth left her lips and moved down to her neck, sucking and biting her sensitive skin brutally while his hands set the lapels of her jacket aside and then ripped her shirt to reveal her breasts, kneading them hard and painfully, his fingers squeezing her nipples forcefully and straining them until she screamed. Iliana felt his steel-hard cock straining through his pants as he rubbed it in the throbbing spot between her thighs which his knees had forced open. She tried to repress the strong craving that rushed through her, but to her utter humiliation, she could not. Download and discover why readers are raving about Sandra Ross.
