

## The Farm (Lisas Dairy Journey Book 1)

The Farm: Lisas Dairy Journey Vol. 1  
Eighteen year old Lisa Whitmere has been one of the many unfortunate girls living their lives in a London workhouse. But one day, that all changes when she and several other girls are picked by mysterious men and sent to an auction. Bought and shipped, Lisa arrives at Clayton Dairy Farms. Having spent the better part of her life confined within the workhouse walls, Lisa had been completely oblivious to the new crazy sweeping high class society London: huco farms and their products. But now she was about to receive a crash course on this booming new industry. The first lesson: livestock. Will Lisa be able to somehow find her way off this crazy surreal farm before she finds herself becoming more of a participant than an observer?
