

Broodmaiden for Bigfoot (Monster Broodmaidens)

Stephanie only agreed to go on the camping trip in the deep Oregon woods because Kara wouldn't take no for an answer. Her wild roommate likes to tempt Stephanie whenever possible, but Stephanie hasn't even been with a man yet, and the last thing she wants to do is complicate her life by sleeping with a brawny linebacker from Texas before midterms. But then she meets Brett, and her reservations start to fade away. Things get hot and heavy in his tent, and soon Stephanie finds herself about to give away her innocence to a sexy man she barely knows. When she leaves the tent to take a walk in the night woods and clear her head, things take a bizarre turn. In the deep shadows of ancient trees, a creature out of legend sweeps Stephanie off her feet and takes her to his secret den, where she learns that the last of his kind craves a woman to bear his young, and Stephanie is his chosen mother! This story includes an innocent young woman deflowered by Bigfoot - a creature she thought was only a myth. But this myth is an all-too-real combination of muscle, hair, and testosterone!
