

Lifes Compass

Lifes Compass has something in it for the believer and the non-believer, the free and the prisoner, the male and the female, the husband and the wife, the straight and the gay, parents and children, the young and the old, the healthy and the sick, the educated and the uneducatedhe who has an ear to hear, let him hear. Creating this book was therapy for me; it has helped me to make sense of my life, my life after being diagnosed with prostate cancer. By publishing this book, I hope it will have the same type of effect on others as it has had on me.
