

The Secret Life of Pets - Book Two in The Pet Shop Trilogy

Book Two in the Pet Shop Trilogy by K D Grace. Obsessed with finding out about Tino and his connection with Vincent Evanston, Stella enters the secret world of the Pet Shop in the only way possible, by becoming a Pet herself. As her animal lust awakens, Stella discovers the delicious crossover of the world of Pets and Keepers when Vincent takes her home as his Pet. But Stella wants the best of both worlds. Will she ever be able to have it? Reviews: A satisfying mix of romance, kink, and inventive S&M, The Pet Shop Series reels the reader in, neatly side stepping cliches, and forcing you to read just one more chapter before you put it down. - Oysters & Chocolate What made The Pet Shop such an outstanding story was that, besides the scorching hot erotica, it was still an exciting story with intelligent characters and so much emotional substance which is quite rare in erotica novels. One of the hottest stories I have ever read, a definite Forbidden Favorite, and K.D. Grace just became an author I'll have to watch! - The Forbidden Bookshelf Reviews Full of decadent desire, sensual eroticism and hedonistic promises, Ms. Grace uses a wicked pen that enticed this reader into a world of pleasure unlike anything I have read before. The interaction between Stella and Tino is so scorching hot I practically left burn marks on the computer screen - Coffee Time Romance & More WOW! The Pet Shop was such an unexpected and mindblowing read that not only have I gobbled it up in no time but it shot straight to my Top Reads of 2011 list! - The Forbidden Bookshelf I loved The Pet Shop. It was so well done that I could hardly wait to turn each page. Of course the sex was delicious, but the background story, the premise of The Pet Shop, and the magic between the various characters was much more than just delicious sex. Great job bringing me something completely different to read. - Manic Readers

Thoughtful, Different and Wicked this is one for those who love erotica with a lot of extra spice. - SexyReads.co.uk
