

The Pleasure Dial: An Erotocomedic Novel of Old-Time Radio

The year is 1934, and amiable New York gag writer Artie Plask has taken the West Coast plunge. His first day on staff with a top radio show introduces him to the irresistible Mariel Fenton, a wit among wits who immediately takes an interest in all aspects of Artie's life—especially his private life. As Artie finds his feet in a world of blustering comedians, pansexual sex goddesses, timid screen legends, exhibitionistic scriptwriters, and self-infatuated geniuses, Mariel leads him on a zany journey up and down the pleasure dial—a giddy romp through Hollywood that's chock-full of airwaves showdowns, writing-room counterplots, devious impersonations, naked meetings, and a sensuality-drenched assortment of erotic escapades.
