Being aroused could be dangerous... why had no one ever told Cali that? Of course, she just needed to cross the forest, so how much trouble could she get into? The everyday dangers, those she could handle: the normal assortment of deadly creatures and strange magics. But the Dryads, the female guardians of the forest, well, they were another matter entirely. She had met only one, Leythe, who was as enigmatic and unexpectedly sexy as a woman could be, and now Cali couldn't avoid thinking about... certain things. Especially walking behind the Dryad; Leythe's legs were athletic and curiously long for such a petite creature. They would look so nice wrapped around my head, she found herself thinking on more than one occasion. Yes, Cali's arousal was going to get her into trouble. The best kind of trouble. ... her erotic lesbian bedtime stories are absolutely delicious! The problem is, after I read one, the last thing I want to do is sleep!-Naomitrix

**WARNING:** This story contains explicit descriptions of lesbian sex, some unexpected bondage and more than its fair share of naughty language.
