

The Spy Who Went Back To School

A British spy, wounded on a secret mission in Afghanistan, returns to England to be given an easy assignment as a convalescence. Her mission is to go undercover at an exclusive though strict girls boarding school, as the room mate to the daughter of a world leader who is believed to be under some sort of threat. But while acting as a bodyguard to the girl, the spy has to suffer the same strict discipline as all the other girls and her life is complicated by the fact that she falls in love with the school's dominant headmistress. The story is an action filled adventure with unarmed combat, gun play, car chases, explosions, mysteries, red herrings, drama and dramatic rescues all played out against a classic school girl setting as the spy attends lessons and suffers corporal punishments along with other girls from the school. Our heroine has to unravel a complex plot against the school by a determined terrorist at the same time satisfying her lover with adult play.
