

The Old Fashioned Houses Colouring Book 2

This book contains 24 pages of authentic vintage images of American houses of the nineteenth century including large mansions, beach retreats and country cottages, many in the ornately detailed American Gothic style. The pictures are particularly suitable for light shading with colour pencils, so take a break and de-stress as you design your very own colour schemes for beautiful houses and gardens. This book will provide hours of relaxing fun for adults and older children.
