

Thornton Brothers: 3 Book Collection

All three books in Carolyn Faulkners Thornton Brothers Trilogy, available in one volume. Includes A.J.'s Hope Hope Granger was right- there was never anything good about a phone call that wakes you up in the middle of the night, but this one struck stark terror into the deepest realms of her heart, despite the fact it wasn't all that unexpected. A.J. Thornton wasn't doing well, and she was the cavalry. She was the only person on this green Earth that might - just might - be able to snap him out of the deep blue funk his recent disability had caused. Although she immediately agreed to fly down to Texas to help him, Hope wasn't at all sure she'd be able to - especially not without laying her own heart - and bottom - on the line again. Beau's Desire AJ Thornton was going to die - especially if his larger than life, over-protective brothers continued to coddle him like a baby instead of expecting him to do as much for himself as he could.

But that wasn't what Beau Thornton wanted to hear from that little slip of a woman, Heather Dennison, even if she did think she was God's gift to physical therapy. And darned if she didn't get under his skin like no other woman ever had. She was strong - going toe to toe with him on more than one occasion about his older brother's care, but still, she was a skittish thing at times - like when he pulled her close for a kiss, or took her over his lap for a long overdue spanking. Cade's Wish Somebody was siphoning funds from the XL-17 project - and Cade Thornton was more than dismayed to find out that every bit of evidence pointed to his fiancée. The love of his life - the woman who held every part of him in her small, capable hands. He couldn't believe it - especially when she ran from him once he'd confronted her about the situation. How much more damning could her behavior be? Gabby Andolini had never been so hurt in her life! How could he possibly think that of her?

Didn't he know her better than that? But when there came a knock at the door of the hotel she escaped to on the shores of Maine, she knew exactly who was there. Cade had come to reclaim what was his. Originally published as Thorntons Hope, Thorntons Wish, and Thorntons Desire, these books have been re-edited and re-released under the new titles.
