

## Tied to You

Bibi will make you feel like you have been swept off your feet and spanked all at the same time. Its like a feel good Harlequin Signature novel meets Fifty-Shades and I mean that in the most flattering way possible! What happens when you hit rock bottom and cant see a way out? Do you take the handsome strangers indecent proposal that seems too good to be true? In a word, yes. Desperation will make you do crazy things, like giving up a year of your life and travelling halfway around the world to marry a gorgeous Aussie winemaker who seems to come with more baggage than he knows what to do with. I know I should keep my distance but there is something about him that just draws me in. Maybe it is the way he always seems to be there for me when I need it most, or that he just seems to know the right thing to say. All I know is that the moment he kisses me on our wedding day, I am in trouble. Wealthy and arrogant, Alex is used to getting whatever he wants and he has set his eyes on Olivia. For months he has watched her as she calls out to every protective instinct he possesses. Waiting for the perfect opportunity to present itself, he is determined to make her his, in any way possible. But Alex is hiding a secret, one that he is determined to protect until, one day, Olivia makes a revelation that sets her on a course of self-discovery. Together they explore Olivias submissive side, pushing boundaries and taking her on the wildest ride of her life. However, when Olivias past threatens to expose Alexs secret, the true strength behind Alex and Olivias relationship is revealed.
