

## Touchdown!

Is it okay if I join you guys? Its kinda boring up there in my room all by myself. The first summer back from college is the hardest. With all of your friends gone, and being stuck home alone, its easy to let your taboo inhibitions slip away so that you can get what you want. So when the man of the house comes home with a bunch of buddies to watch a little football, its perfectly reasonable for you to put on a jersey and short-shorts to go join them, right? And if the action in the living room is more entertaining than whats happening on screen if its coming on hard and without protection well, whos really to blame for that? The sample I have is too explicit to put here, but you can read it if you click on the book to look inside! 6,500 words, 18+ only
