

Gabrielles Discipline (Bridal Discipline Book 3)

To escape the scandal of trying to elope with an unworthy man, Gabrielle finds herself married to the man she loves - a charming rake and her guardians best friend, Mr. Felix Hood. Hes the third son of a Viscount, hes darkly handsome, and hes in love with her stepmother. Or so she thinks. Felix Hood had been fighting the urge to be leg shackled ever since he met Gabrielle Astley, but once her honor was at stake, he knew hed rather die then allow her to marry someone else. Hes not a perfect man, and he has no experience with being in a relationship, but hes determined to make his marriage work, even if he has to spank his fiery bride daily to do so. They retreat to the countryside immediately following their wedding, where Felix hopes to strengthen their relationship before they return to London for the end of the Season. To his delight, Gabrielle turns out to be everything hed hoped in private - hes submissive, passionate, and responds beautifully to even his darkest desires. But what will happen when they return to London Society? Gabrielle is determined to replace her stepmother in Felixs affections.

Shes been through a multitude of changes in her life, none of which have ended particularly happily for her, but she has to make one last try - because, after all, shes married to him for better or worse, till death do them part. To her surprise, once theyre alone, he seems to return her regard and she blossoms under his discipline and care... but will he still feel the same when hes faced with Cordelia, Gabrielles stepmother again? Step into a world of alpha males, spankings, very steamy situations, and domestic discipline. Gabrielles Discipline is approximately 90k words and is a standalone within a series, complete with a HEA for the couple. Gabrielle and Felixs story began in Philips Rules and was further explored in Undisciplined, however it is not necessary to read either book to enjoy this one

(although it is encouraged for a deeper understanding of the characters).
