

Soaked

Sam loves the feeling of desperation. The bounce, pinned knees, and then the warm spritz trailing her legs as she squats just in time to relieve herself over her seven acres of land. But when a nosy neighbor presents himself to join in the fun, she finds her confidence waning. He has such control of his bladder and is far from shy. Feeling more than inadequate, Sam accepts his invitation to teach her how to control her urge, but the neighbor wants her to do far more than relieve herself. Will she live up to his expectations and fulfill more than one of his needs?
