

Veiled (Raptures Edge Book 2)

Duncan wants to love his woman, but hes tortured by his past For the last few weeks, since Warrior Duncan professed his intention to try to make his relationship with Rachel work, hes failed on all fronts. But how can he explain that a serpent lives in his gut, poisoning him against her? As his visions return in full-force, and the black ops team heads back to the Third Earth darkening grid, he must confront his demons or lose everything he holds dear. But will Rachel be there for him? Rachel longs for her breh, her vampire mate, but old issues keep tearing them apart Rachel refuses to give up on Duncan. Though hes remained aloof because of his tortured past, she needs him more than ever. Her desire for him has reached outrageous levels as the breh-hedden continues to keep her focused solely on the man she loves. But will he finally be able to let go of his past suffering and embrace a life with her?
