This story has forced dragon seduction, erotic dream voyeurism, barbarian domination, magical creature submission, reverse gang insemination and elven princesses put in carnal peril. Rudely awakened from 150 years magical sleep by treasure hunters, the elven princesses Annwyn and Magdwyn must escape from the dragons lair before it collapses on top of them. But the dragon guardian has other plans. Plans that include using all the tender holes in their bodies . But how is an elven maid supposed to defeat his entire army of muscular and insatiable men made out of magic? Annie and Maggy will find out one climax at a time.
