

## Wyndstones: HellWind Trilogy Book II:

Lorna Brent has come to the rugged Appalachian Mountains to join her brother Daniel, a priest sent to minister to the people of Tabor Hill. Running from a brutal attack, wanting only peace and solitude, she believes she will find it in the picturesque little settlement hidden high in the mist-shrouded mountains. But things are not idyllic in Tabor Hill. The men rule their women with an iron hand and they have been searching for Lorna for a very long time. The Elders of the Hill have secret plans for Lorna--plans that will turn her world upside down, making her a virtual prisoner on the mountain and pitching her into sexual slavery. From the teeming, lightless realm of the Abyss, Chrystian Brell lies waiting. Listening for the voice of one special woman whose entreaties will free him from his unbearable existence. It is Lorna's voice that begs for help from any quarter available. He has heard. Hell has opened. And a Nightwind has been loosed. Rating: Carnal. Genre: Dark Fantasy Romance
