

## Walk In The Woods (BBW Paranormal Shifter Erotic Romance)

That familiar predatory smile filled his face. The glint in his eyes made her body quiver. Sarah left behind her rural roots when she left for college. Finding that there was more to the world than just the woods around her Grans house, she stays away longer than she should have. An accident brings her back to the Maine woods and courage sends her back out into her beloved woods. Fairytales all began with a grain of truth. There are things lurking the brush and Sarah comes face to face with one of them. When a wolf shifts into a god of a man whats a girl to do? When the predator decides to take what he wants Sarah is given pleasure beyond anything shes ever imagined. Her body is sated, but now her heart is hungry for more. Its the price you pay when you wander in the woods.
