

Warlords Prize (Darkest Star Saga Book 1)

A stranger to her own people, Enari has never felt that she had a place on Fennar. When the lottery destines her to be a bride of the Asku, she makes her displeasure known, even though her battle against a security unit has a predictable ending. Wounded and bleeding, she doesn't consider herself a prime candidate for a mate, but the wife of the Overlord, and mother of Warlord Drion, has other ideas. Enari has all the characteristics of a prime female and as soon as the Warlord Drion returns from battle, he will claim his prize.
