

Simplified Drawing for Planning Animation

Simplified Drawing for Planning Animation is packed with information about drawing the human form in a simplified way, for animators, illustrators, character designers and comic artists. It emphasizes simplified structure, balance and posing with sequential images. This book is used by animators at ILM, Walt Disney, Blue Sky, EA and many more. It has been required text at animation schools since 1999. This is an updated version with more character design information and animated examples from planning notes. It is a must-have book for animators and artists in all fields, perfect for experienced artists and beginners.
