

WerePanda and Dragon Took Her Innocence

Ming, an innocent young woman, has been chosen as a sacrifice for the dragon that plagues her village. She's never even seen a man naked before, and thanks to the chastity belt she's worn since childhood, she's never enjoyed an orgasm, either. Ming is terribly horny, and she'll do anything to relieve that awful tension between her legs. Luckily for her, rumors say that the dragon is a skilled lover who sleeps with maidens instead of eating them. But the dragon isn't the only one competing for her affections. She's also sought after by Jiao, a prince turned into a panda by way of a horrible curse. Jiao must mate with a pure maiden to break the spell, but the dragon isn't willing to give his prize up so easily. Ming, seeing her chance to have two men at once, suggests that they share her... This erotic short story contains explicit scenes with a dragon and werepanda. Approximately 11,500 words.
