

Where the Law Is: An Introduction to Advanced Legal Research, 4th (American Casebook Series)

This newly updated textbook and course reference is designed specifically for advanced legal research classes and for upper-level students who want to achieve a better understanding of how to use the sources of legal information that they learned about in their introductory courses. It provides in-depth guidance through the research process, advice on format selection, and detail about the tools and techniques needed to function as skilled legal researchers. Up to date discussion of all media is fully integrated throughout. It focuses on the types of information the researcher needs, rather than on descriptions of particular information products. The fourth edition discusses all the newest material available to legal researchers including: New sources of information on the Internet, including FDsys New subscription databases, including ProQuest Congressional New interface designs and features from the leading online vendors, including WestlawNext, Lexis Advance, and and Bloomberg Law The fourth edition also features extensively updated material and new chapters on municipal law, court rules, and form books.
