Only now, shes spending her nights with him too. He just doesnt know it Any other girl would enjoy the nightly thrill of a

sexy vampire invading her dreams. But not Melinda as her dreams have a tendency to come true. Although typically, they dont include the handsome vampire shes crushing on, but rather horrifying visions of people about to die. But she cannot stay under self-inflicted house arrest forever. And if her brothers or William get their choice in the matter, Melinda will be out of the house partying with her friends, giving her affections to a human, not a vampire, and digging into her role as a witch. A role her eldest brother Charlie lives for, and a role her second brother Michael, would rather live without. Nevertheless, when duty calls, usually from the local sheriff needing help with some tourist whos gotten themselves into supernatural trouble, life screeches to a stop, and duty takes over. Such is the case when the sheriff needs help with a four-year-old murder investigation; one she fears has a supernatural cause. To assist her in the case, she calls upon the skills of The Howard Witches. However, what they learn might be more than any of them can deal with, or accept. Worse yet, they fear what this discovery will do to Melinda as it returns them all to the core of her self-imprisonment. And back to the lives, she could not save...
