

William Kentridge: No It Is

No It Is documents two recent major presentations of work by South African artist William Kentridge (born 1955): his exhibition at the Martin-Gropius-Bau in Berlin and his performances at the Berliner Festspiele in summer 2016. This artists book incorporates a libretto for a performed guided tour of the exhibition--a performance which is both a guide to the exhibition and an exhibit within it--and writings by or conversations with Kentridge about the two projects. The exhibition includes early drawings, animated films, installations, large-scale projections such as More Sweetly Play the Dance and theatrical pieces ranging from Winterreise, an evening of Schubert lieder, collaborations with the Handspring Puppet Company and chamber opera. In the performance series, titled Drawing Lessons, Kentridge discusses his working methods and his political context, from the Apartheid era to the present.
